www.sindrom-down.ro

În aceste zile care ne schimbă complet modul în care trăim, învățăm că există modalități noi de a rămâne conectați cu prietenii. Învățăm să folosim instrumente care ne permit să fim aproape de familiile noastre și de cei interesați chiar și de la distanță.

Asociația noastră dezvoltă o colecție de materiale care exemplifică activități pe care persoanele cu sindrom Down le efectuează acasă pentru a se dezvolta personal, pentru a-și exersa deprinderile de autonomie și pentru a-și menține starea de sănătate fizică și psihică.

VIDEOCLIPUL ZILEI

"ATĂT PENTRU ACASĂ DESPRE NOI! SINDROM DOWN STAȚIA ACASĂ 2020. EVENIMENTE SI STIRI. PROIECTE. REțele INTERNATIONALE. CONTACT. ȚII MĂȘTILE SOCIALE: SĂ NE ASIGURĂM ÎN INTERACȚIUNEA UMANĂ. ETICHETAREA, LA STIGMATIZAREA ȘI PROSCRIEREA PERSOANELOR CU SINDROM DOWN! FAMILIA MEA, NU VA LUPTA ÎMPOTRIVA A CELA CE SUNT ACESTE PERSOANE. PUTEM SĂ AJUNGEM ATĂT DE OAMENI ÎNCÂT IUBIREA SĂ FIE ÎNEVITABILĂ!" – este declarația unei familii a unui copil cu sindrom Down.

Stația acasă 2020#EXPERT ÎN DEPĂȘIRE

Campania EXPERT ÎN DEPĂȘIRE a ajuns la finalul unui capitol.

ALDO-CET transmite mulțumiri tuturor celor care au contribuit cu fotografiile și declarațiile lor. Nu a fost întotdeauna ușor să fie încadrate în acest capitol.

Campania EXPERT ÎN DEPĂȘIRE a înregistrat un impact mai mare decât estimările inițiale. VĂ MULȚUMIM!

ALDO-CET transmite mulțumiri celor care au urmărit campania, celor care au înțeles un pic mai bine oamenii cu sindrom Down, abilitățile lor și provocările cu care se confruntă aceștia.

Probabil, părinții adulților cu sindrom Down nu vor trăi într-o societate incluzivă, dar există șanse pentru cei mai tineri. Oamenii cu sindrom Down vor exista cât va fi lumea.

Rămâneți conectați!

DS-AGEING aims at **increasing** competences (attitudes, skills, knowledge) of people with Down Syndrome over 30 years old, professionals and families about how to improve the Well-Ageing (according to the Active Ageing Model) through an innovative training program.

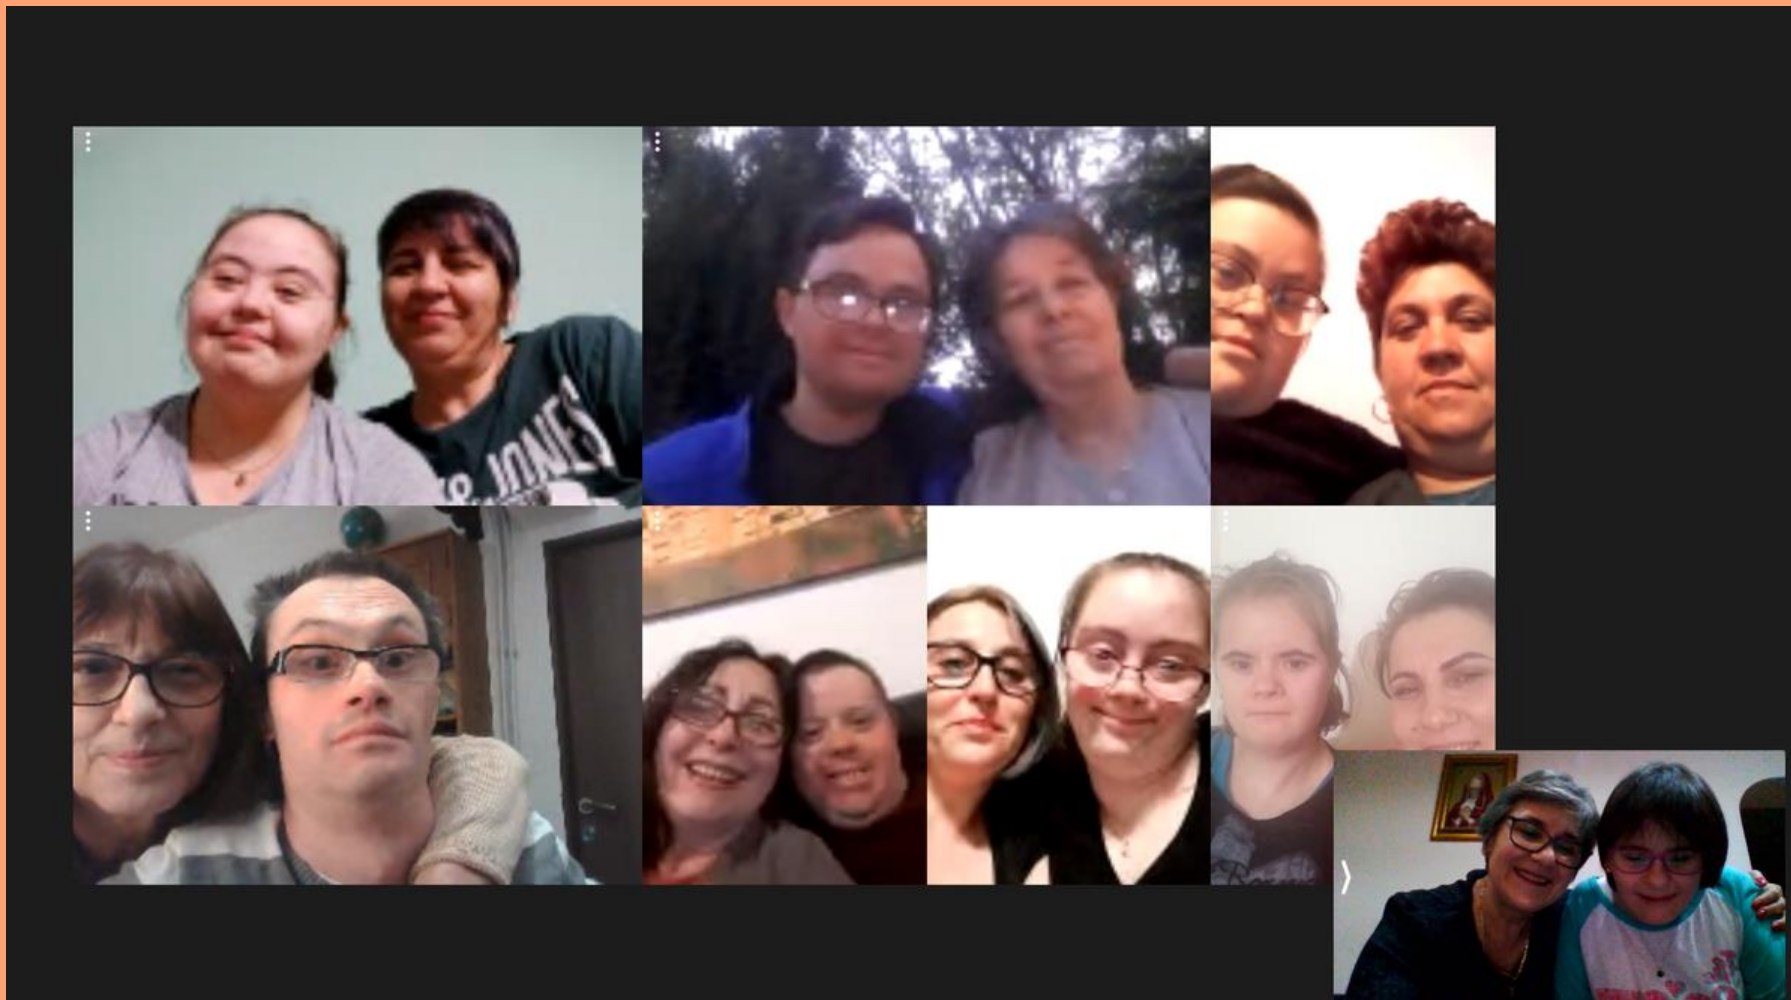

UNIQUE AND INNOVATIVE TRAINING BASED ON

-  **Adaptation** and spread of the Active Ageing Model within the Down Syndrome collective, according to the increase of their life expectancy.
-  **Involving** professionals and families as "supports", not only as caregivers.
-  **Direct involvement** and training of people with Down Syndrome who have started the ageing process.
-  Combination of **Active Ageing** and Quality of Life Model for people with disabilities.
-  **Training** people with Down Syndrome in the use of ICT Tools with potential for Active Ageing.
